

"SURGING AHEAD THROUGH CREATIVITY"

INTRODUCTION

The main purpose of I-SAIID 2019 is to arrange a special competition arena for local and international innovators to meet, showcase, and promote their inventions/new products that will bring benefits to the welfare and development of students. I-SAIID 2019 is organized by the Student Affairs Division of UiTM Kedah Branch, whose key roles are to:

1. Provide services and facilities to students
2. Facilitate student development and leadership

With the theme "**Surging Ahead Through Creativity**" I-SAIID 2019 comprises of invention, innovation and design competition.

It welcomes local and international students, researchers and entrepreneurs.

There will be excellent opportunities to win awards and also to exchange global network with a diverse group of participants from various educational institutions.
